

Bathroom Scrub Mitt & Blue Diamond:

I was more excited about the introduction of the Blue Diamond than probably any other product in the last 2 years. My tub floor has been impossible to keep clean. I used the Blue Diamond with the Bathroom Scrub Mitt and my tub floor came back CLEAN for the first time in months. I also love using the Blue Diamond in my toilet and my bathroom sink. The Scrub Mitt is unbeatable for shower walls, too, with the scrubby side and the spongy side! Love the combination! Thank you Norwex!

Ellen Nelson, USA

The Blue Diamond is an amazing addition to the Norwex line! I clean homes, and have found that using Blue Diamond in the bathrooms (full strength in the toilet, diluted in a spray bottle for the showers and tubs) has saved me 20-30 minutes off of my cleaning routines! Love that it doesn't smell! And the "yucks" just simply wipe away with the Bathroom Scrub Mitt!

Erica Beede Allen, Canada

My husband is a potter and my bathroom sink gets all gummed up with clay residue from his hands. The Blue Diamond seemed like it wasn't going to work at first but I let it sit on the sink for a few minutes then wiped it out with the Bathroom Scrub Mitt and my sink was like new. Little or no scrubbing effort, too!
