

Car Wash Mitt & Car Cloth:

Last year I got the Car Cloth and Car Wash Mitt for our truck. We had just been on a big road trip and there were lots of bugs stuck to the front of our truck. My husband told me that water and a cloth would never work, so I set out to prove him wrong. You should have seen the look on his face when I was done with that black truck! It was spotless and clear of bugs. He was so impressed and I was so excited that Norwex had done it again. No soap—just a bit of scrubbing! I love these products and they have saved us money from not having to go through a car wash. **Karla Tancock, Canada**

I washed my car a few weeks ago using the Car Wash Mitt and the Car Cloth for the first time. My car was very dirty and it worked great! I got the car and the Car Wash Mitt wet and washed one side; then repeated on another side until I was done. I then did a final rinse and dried the whole car with the Car Cloth. Very shiny! **Gracemarie Hartley Peters, USA**

I use the Car Cloth and Car Wash Mitt on all my vehicles, with only one bucket of water!! I keep the Car Wash Mitt as soaked as possible to clean the soft top of my Jeep Wrangler during summer. I use these two products with full confidence! **Derek Arsenault, Canada**

Leather Shine:

As soon as I got my Leather Shine, I pulled out some shoes that were years old and looked it! I started shining the shoes and WOW!!! They came back to life and were fit to wear again! Love my Leather Shine. **Tiffany Barlow, USA**

I recently had a hostess let me use the Leather Shine for a demo on her worn out leather couch. Afterwards, she let out a yelp and exclaimed, "And here I finally had my husband give me the go-ahead to buy some new furniture! Now what do I do?" We all had a good laugh. **Pam Tessier Sikma, Canada**
