

### **Dishwashing Liquid:**

I love the Dishwashing Liquid! One bottle lasted me 7 months. It really goes a long way. It's a great degreaser and does a great job on pots and pans. Don't forget to get a bottle for the laundry room! It works great on grease stains on clothes. It took a huge butter stain out of my husband's work shirt that had already gone through the washer and dryer. I also use it to wash my car.

The Dishwashing Liquid took a red wine stain out of a light coloured shirt.

**Sara from Minnesota, USA**

---

I cannot say enough about the Dishwashing Liquid. Great in the kitchen and it's the best laundry stain fighter I have ever used. I recommend it to everyone.

We have extremely hard water and the Dishwashing Liquid cuts through it and the greasy food to create sparkling dishes.

### **Mighty Mesh Pot Scrubber:**

The handle on the Mighty Mesh Pot Scrubber is great for saving my hands and nails.

**Carol from Kansas, USA**
