

Oven & Grill Cleaner

Katie Koehler:

I LOVE the Oven & Grill Cleaner! I have been able to clean my oven while pregnant, without opening all the windows in the kitchen and turning on the vent. I lent it to a friend who had burnt-on syrup on her gas top stove. After she used it on that and her oven, she bought a bottle! It's one of my all-time favs!

Shellie Breidenbach:

Repeatedly, the Oven & Grill Cleaner shines (no pun intended)! Every single oven I've cleaned is a WOW at my parties and it only takes 10 minutes! It is so easy to use, no odour, and the oven stays cleaner longer too.

Gail Roberts:

My daughter bought a house last year and the glass doors to the fireplace were nasty. I cleaned them with the Oven & Grill Cleaner, and I wowed everyone at the party!

Terra V:

When I first got this product I was so excited to try it out on my "embarrassingly dirty" BBQ. It had needed a good cleaning for a while but the idea of taking an hour or more to do it, always stopped me from starting the task. I slightly heated the BBQ, took the grills out and sprayed on the Oven and Grill Cleaner, then sprayed inside the BBQ, left for 5 minutes came back with my HOSE and hosed off the grills....WOW!!!! In 1 min the grills looked about 80% clean!!! Then I took my Spirinets and effortlessly rubbed down the inside of the BBQ, then swiped it down with an Envrio Cloth. DONE in 15 minutes!!!! And with such ease!!! LOVE the Oven and Grill Cleaner!!
