

Naughty or Nice?

See which household products make the environmental naughty list and learn how to replace them with Norwex products that are nice on your home, the planet and your wallet.

Naughty

Nice

Why

All-Purpose Household
Spray Cleaners

Norwex EnviroCloth®

PROBLEM: Name-brand household cleaners may be filled with harmful chemicals and can even contribute to indoor air pollution!

SOLUTION: The Norwex EnviroCloth is a chemical-free cleaning solution that can help you **remove up to 99% of bacteria from a surface** with only water when following the proper care and use instructions!

Glass Cleaner and
Paper Towels

Norwex Window Cloth

PROBLEM: Paper towels can create a ton of waste, and name-brand glass cleaners may contain health-damaging chemicals!

SOLUTION: The Norwex Window Cloth helps you get windows, mirrors and other shiny surfaces sparkling clean with just a little water!

Dust Spray and
Paper Towels

Norwex Dusting Mitt

PROBLEM: Dust spray cleaners attract dirt and dust back to the surface.

SOLUTION: The Dusting Mitt attracts and traps allergens and dust particles with its dense, plush fibers—great for a quick, chemical-free clean throughout your home!

Sweeper Mop
Single-Use Mop Pads
Replacement Single-Use
Mop Pads
Cleaning Solution

Norwex Superior Mop Starter System

PROBLEM: Single-use mop pads are costly and can end up in landfills, contributing to the pollution of our planet.

SOLUTION: The Norwex Mop System is versatile and great for cleaning everything from high ceilings to your floors and walls!

Name-Brand
Laundry Detergent

Norwex Laundry Detergent

PROBLEM: Many name-brand laundry detergents contain chemicals that may cause skin irritation and even respiratory issues!

SOLUTION: Our highly concentrated, stain-fighting powder is USDA certified 71% biobased and brightens and whitens your clothes while dissolving grease and grime!
