

# Kitchen Surfaces

## Spring Cleaning Tips

### Counters

- Use Cleaning Paste & a wet Spirisponge to clean any arborite countertops, wipe with an EnviroCloth.
- Wipe small appliances with an EnviroCloth and polish with a Window Cloth.
- Use a damp Spirisponge and Cleaning Paste on tough spots and on the backsplash.
- Use Descaler in the tea kettle to remove build-up.
- Remove all food particles from the sink and clean with a damp EnviroCloth and Cleaning Paste.
- Polish faucets with a Window Cloth.
- Use Descaler around the faucet for hard water buildup (not for natural stone).

### Cupboards

- Remove all expired food.
- Wipe inside with a damp EnviroCloth.
- Use a wet Spirisponge and Cleaning Paste on sticky spots.
- Polish pots & pans with a Micro Hand Pad or Cleaning Paste.
- Dilute Norwex Powered Laundry Detergent in a spray bottle and use with a Spirisponge to clean on top of cupboards. Dry with an EnviroCloth.

### Table

- Wipe table top with a damp EnviroCloth. Polish glass top tables with a Window Cloth.
- Use a damp EnviroCloth to clean the back of chairs and between spindles.
- Use a damp EnviroCloth and Cleaning Paste on sticky spots.
