

Bathroom

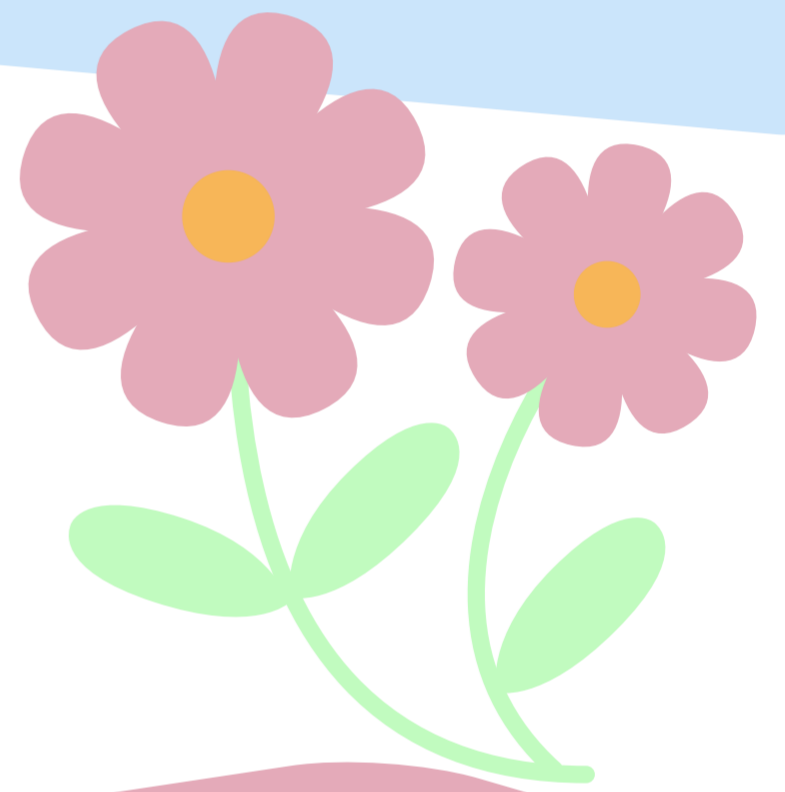

Spring Cleaning Tips

Surfaces

- Wipe countertops with a damp EnviroCloth.
- ~ Use the edge of a wet Spirisponge to clean your shower tracks and around your faucets & sinks
- Remove items from inside cupboards & drawers, wipe with a damp EnviroCloth.
- Pour Descaler into a small plastic bag & attach it onto your faucets with an elastic band. Let sit 10-20 minutes. This will remove all the hard water build-up.
- Use Cleaning Paste and a damp EnviroCloth to clean sink and faucets, follow with a Window Cloth to polish.
- Wipe mirrors with a damp EnviroCloth, polish immediately with a Window Cloth.
- Use a Micro Hand Pad dipped in diluted Norwex UPP to remove hairspray from the wall.
- ~ Use Cleaning Paste and an old toothbrush for grout where needed.

Toilet

- Ergo Toilet Brush... silver embedded.
- Wipe the outside and lid of the toilet with a damp EnviroCloth.
- Clean inside of the toilet with Descaler if you have rust stains.

Shower

- Spray glass doors & walls with Descaler, rub down with a Bathroom Scrub Mitt... let sit for 5 minutes and rinse.
- Use a wet Spirisponge and Cleaning Paste to remove water stains on faucets and clean your grout.
- Either remove and launder or use a pail to soak the bottom of your shower curtain in UPP for 10 minutes.
